CHIEF HEALEY'S ARREST DEMANDED--HOYNE TOSSES NEW BOMB

Appears Before Judge Olson for Warrants for Police
Head—Day Book Discovers a Few New Shots—
Fight Is Dragged Into Open.

State's Attorney Hoyne made good with a vengeance today when he answered the cry of "politics" raised by the Thompson-Lundin camp by appearing before Chief Justice Olson of the municipal court and demanding warrants for the arrest of Chief of Police Chas. C. Healey.

Hoyne charges Healey with malfeasance in office. He intends asking

warrants for several other persons, charging them with conspiracy to allow gambling and other vice to run high-handed in Chicago.

Hoyne said that to back up his request for warrants for Healey and the others he will place as witnesses on the stand several people, among whom are police officials.
